German Colonialism Revisited: African, Asian, and Oceanic Experiences (Social History, Popular Culture, and Politics in Germany)

German Colonialism Revisited: African, Asian, and Oceanic Experiences (Social History, Popular Culture, and Politics in Germany)

German Colonialism Revisited brings together military historians, art historians, literary scholars, cultural theorists, and linguists to address a range of issues surrounding colonized African, Asian, and Oceanic people's creative reactions to and interactions with German colonialism. This scholarship sheds new light on local power dynamics; agency; and economic, cultural, and social networks that preceded and, as some now argue, ultimately structured German colonial rule. Going beyond issues of resistance, these essays present colonialism as a shared event from which both the colonized and the colonizers emerged changed.
