The Way of Saint James Vol 2: Pyrenees - Santiago - Finisterre (Cicerone International Walking S) (No. 1) Alison Raju

A walker's guide to the 778km Pilgrim Road from Saint-Jean-Pied-de-Port in the foothills of the Pyrenees on the French side to Santiago de Compostela in northwestern Spain and finally to the "end of the earth" in Finisterre on the Galician coast. It is the first original guide to the route in English, replacing the second part of the single volume previously published by Cicerone Press. As well as giving directions for walking the route, the book also provides information on places to visit along the way, the history of the pilgrimage and the availability of practical facilities such as shops, bars, restaurants and accommodation. Unlike existing guides (in any language) this one contains two additional features: details of the walker's continuation from Santiago to Finisterre (75km) and a comprehensive listing of St. James and other pilgrim references along the way (as an Appendix). It also contains a list of suggestions for further reading, a glossary of geographical and other useful terms and a series of sketch maps covering the entire route.
