This Value Pack Features the Magic School Bus in four wonderful adventures. The Magic School Bus is a series of children's books about science written by Joanna Cole and illustrated by Bruce Degen. They feature the antics of Ms. Valerie Frizzle, and her class, who board a magical school bus which takes them on field trips to impossible locations such as inside a pickle, or even shrinking to a microscopic size. The books are written in the first person from the point of view of an unnamed student in "the Friz's" class. The class pet, Liz, a lizard, accompanied the class on their field trips. Since the Magic School Bus books present scientific facts in the form of stories in which fantastic things happen (for example, a bus turns into a spaceship, or children shrink to the size of blood cells), each book has a page at the end detailing in a humorous manner which parts of the book represented scientific fact and which were fanciful storytelling.
