Drinking and flying is a bad combination. Stephan Forks learns this the hard way when he rams another ship in spite of the vastness of space. A moment later, a strange woman stands on his bridge, looking around with a frown. She's clearly a figment of his imagination. Nothing in his colorful past of smuggling and smaller crimes prepared him for people appearing out of nowhere. Maria Callaway has carried more names and appearances than she can keep track of, and she's bored beyond belief. When she runs into Stephan, he seems to be an amusing pastime. He's interesting, disorganized, pursued by pirates, and handsome. A little too handsome, actually. Maybe she should leave? Neither of them can foresee the chain of events set in action from their meeting. Adventure and danger go hand in hand during the upcoming days, and the collision resonates not only through their own lives, but changes the destiny of the world as they know it. Book one in a series of three.
