## **ANDROMEDA STRAIN**

Read by Chris North

The Andromeda Strain sets forth the story of Project Wildfire - the crash mobilization of the nations highest scientific and medical resources when an unmanned research satellite returns to earth mysteriously and lethally contaminated. Four American scientists are summoned under conditions of total news blackout and utmost urgency to Wildfire's secret laboratory five stories below the Nevada desert. There - surrounded by the most sophisticated computer equipment, and sealed off from the outside world - they work against the threat of a worldwide epidemic. Step by step they begin to unravel the puzzle of the Andromeda Strain until, terrifyingly, their microbacterial adversary ruptures the hypersterile seal of the lab and their already desperate search for a biomedical answer becomes a split second race against time.

## **JURASSIC PARK**

Read by John Heard

A shroud of secrecy covers a privately-owned island off the coast of the Dominican Republic where an American bioengineering firm is quietly building a resort theme park. Even the expert consultants on the project don't know exactly what it is. And local doctors are mystified when an injured park worker arrives at the hospital with gashes on his body, as if he's been mauled by an animal of monstrous proportions. A year later, when the first invited guests to "Jurassic Park" attend a 4-day preview, the amazement, the shock, and finally, the terror they experience there offer a horrifying solution to this disturbing puzzle.

Riveting scientific detail and a driving, suspenseful narrative make this an unforgettable story - one of advanced technology versus prehistoric monsters . . . and of an extraordinary good idea gone extraordinary bad.

## **THE LOST WORLD**

Read by Anthony Heald

The sequel to Michael Crichton's bestselling *Jurassic Park*.

It is now six years since the secret disaster at Jurassic Park: six years since that extraordinary dream of science and imagination came to a crashing end - the dinosaurs destroyed, the park dismantled, the island indefinitely closed to the public.

There are rumors that something has survived.
