**Raising Biracial Children** Kerry Ann Rockquemore, Tracey A. Laszloffy

As the multiracial population in the United States continues to rise, new models for our understanding of mixed-race children and how their conception of racial identity must be developed. A wide divide between academics who research biracial identity, and the everyday world of parents and practitioners who raise and deal with mixed-race children exists. This book aims to fill this gap by providing an extensive synthesis of the existing research in the field, as well as a model for better understanding the unique process of racial identity development for mixed-race children. *Raising Biracial Children* provides parents, educators, social workers, and anyone interested in multiracial issues with an accessible framework for understanding healthy mixed-race identity development and to translate those findings into practical care-giving strategies.
