Instructions for Sports Medicine Patients, 2e Marc Safran MD, James E. Zachazewski PT DPT SCS ATC, David A. Stone MD

Instructions for Sports Medicine Patients provides step-by-step guidance for your patients to save time and eliminate the risk of miscommunication. Marc Safran and James E. Zachazewski present the combined perspectives of both an orthopaedic sports medicine physician and a physical therapist for a balanced approach to therapeutic practices. The updated second edition covers additional topics so that you stay current and have the best treatment options at your fingertips. You'll have over 300 rehabilitation exercises with detailed drawings and descriptions, all downloadable from www.expertconsult.com. Ensure that your patients comply with therapeutic instructions and recover more quickly from chronic ankle instability, tennis elbow, and more.

- Access the fully searchable contents on CD, along with all topics printable as PDFs for fast and easy access to the instructions you need.
- Provide over 300 rehabilitation exercises with detailed drawings and descriptions that are easy for the patient to follow at home.
- Customize patient handouts with special instructions through an adaptable notes area.
- Benefit from the perspectives of an orthopedic sports medicine physician and a physical therapist for balanced guidelines for the patient to follow.
- Stay at the forefront of therapy and practice with coverage of additional new topics-flexor hallucis longus tendonitis, hip labral tear, femoroacetabular impingement, ligamentum teres tear, hip instability, stiff (frozen) shoulder, hip arthroscopy SLAP lesion, Bennett lesion, thrower's shoulder, exercise with a joint replacement (arthroplasty), trochanteric bursitis, and viscosupplementation.
- Save time in finding the right treatment using an expanded table of contents that references both the common and scientific names of each condition.
- Help your patients understand instructions thanks to material at a 6th grade reading level for easy comprehension.

From reader reviews:

David Hedges:

Reading a guide tends to be new life style with this era globalization. With studying you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the storyplot that share in the ebooks. But also they write about the data about something that you need instance. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors nowadays always try to improve their ability in writing, they also doing some analysis before they write to their book. One of them is this Instructions for Sports Medicine Patients, 2e.

Ross Fletcher:

Precisely why? Because this Instructions for Sports Medicine Patients, 2e is an unordinary book that the inside of the book waiting for you to snap the item but latter it will jolt you with the secret the idea inside. Reading this book beside it was fantastic author who also write the book in such remarkable way makes the content interior easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This amazing book will give you a lot of gains than the other book have such as help improving your skill and your critical thinking approach. So , still want to postpone having that book? If I were you I will go to the guide store hurriedly.

Michelle Gilbert:

Do you have something that you want such as book? The guide lovers usually prefer to decide on book like comic, quick story and the biggest you are novel. Now, why not trying Instructions for Sports Medicine Patients, 2e that give your entertainment preference will be satisfied simply by reading this book. Reading habit all over the world can be said as the way for people to know world much better then how they react toward the world. It can't be stated constantly that reading behavior only for the geeky man or woman but for all of you who wants to end up being success person. So , for all of you who want to start examining as your good habit, you can pick Instructions for Sports Medicine Patients, 2e become your own personal starter.

Federico Hayward:

Beside this Instructions for Sports Medicine Patients, 2e in your phone, it may give you a way to get nearer to the new knowledge or facts. The information and the knowledge you might got here is fresh from the oven so don't always be worry if you feel like an previous people live in narrow village. It is good thing to have Instructions for Sports Medicine Patients, 2e because this book offers for you readable information. Do you at times have book but you rarely get what it's all about. Oh come on, that would not happen if you have this within your hand. The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. Use you still want to miss it? Find this book along with read it from currently!
