## **Ordering Your Private World** Gordon MacDonald

Is there a genuine inner life, a private inner world that each of us possesses? The Scriptures, the experiences of the great saints, and the writings of more contemporary sages say there is - and that inner life can be ordered and regulated. Out of that order, says the writer of Proverbs, flow the energies of life. But in a society with external priorities of acquisition, leisure, and advancement, most people are not in touch with their inner spirits and so lead lives that are shallow, driven, tired, and frustrated. Ordering Your Private World explains the inner life in practical ways, helping us reappraise our frantic life-styles and bring order and peace to the chaos of our spirits. Where people live with disorder within, there is anxiety and little growth. But where the private world is constantly realigned and regulated, there is remarkable personal development and Christian witness.
