Jaime Troyano

Dirigida a turistas, docentes, estudiantes, personas vinculadas a la rama del turismo y al público en general, nace la publicación «100 años de curiosidades del Canal de Panamá», que usted tiene en sus manos. Su autor, Jaime Troyano, un guía del Canal de Panamá que ha laborado durante 15 años desempeñando con entusiasmo ese papel, explica que la idea surgió cuando investigaba más sobre el Canal con el objetivo de contar con datos curiosos para darlos a conocer a los turistas. Fue coleccionando los hallazgos y, de pronto, se dio cuenta de que tenía un material valioso que podía compilar en un libro. Jaime Troyano se declara amante de la historia que rodea la vía acuática y este libro cuenta con anécdotas, mapas y fotografías que reflejan el paso del tiempo y nos revelan cómo el Canal está en constante evolución. Es por ello que me atrevo a afirmar que el lector podrá encontrar en esta obra aquellos datos que han quedado en el olvido a través de los años. Aimed at tourists, teachers, students, people linked to the tourism industry and the general public, was born this book, "100 years of curiosities at the Panama Canal". Its author, Jaime Troyano, has worked as guide for the Panama Canal Authority for 15 years. Has played that role enthusiastically and explains that the idea for this book came while researching more about the Canal with the aim of having fun facts to make them known to tourists . He was collecting the findings and suddenly realized that he had a valuable material that could be compiled into a book. Jaime Troyano is a lover of history surrounding the waterway and this book features stories, maps and photographs that reflect the passage of time and reveal how the Canal is constantly evolving. That is why I dare to say that the reader will find in this work the data that have been forgotten over the years. Nubia Aparicio Gerente de Comunicación Corporativa (ACP).
