# Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition)

James F. Shackelford

**Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition)** James F. Shackelford

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

## Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

## Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

## Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--

*This book is intended for use in a first course in Materials Sciences and Engineering taught in the departments of materials science, mechanical, civil and general engineering. It is also a suitable reference for mechanical and civil engineers and machine designers.*

**Introduction to Materials Science for Engineers** provides balanced, current treatment of the full spectrum of engineering materials, covering all the physical properties, applications and relevant properties associated with engineering materials. It explores all of the major categories of materials while also offering detailed examinations of a wide range of new materials with high-tech applications.

MasteringEngineering for **Introduction to Materials Science for Engineers** is a total learning package. This innovative online program emulates the instructor's office-hour environment, guiding students through engineering concepts from **Introduction to Materials Science for Engineers** with self-paced individualized coaching.

## **Teaching and Learning Experience**

This program will provide a better teaching and learning experience—for you and your students. It provides:

- **Individualized Coaching with MasteringEngineering** : MasteringEngineering emulates the instructor's office-hour environment using self-paced individualized coaching.
- **A Balanced Approach Designed for a First Course in Engineering Materials:** This concise textbook covers concepts and applications of materials science for the beginning student.
- **Coverage of the Most Important Advances in Engineering Materials:** Content is refreshed to provide

the most up-to-date information for your course.

- **In-text Features that Reinforce Concepts:** An assortment of case studies, examples, practice problems, and homework problems give students plenty of opportunities to develop their understanding.
- **Enhance Learning with Instructor Supplements:** An Instructors Solution Manual and PowerPoint slides are available to expand on the topics presented in the text.

**Note:** *Introduction to Materials Science for Engineers* with MasteringEngineering Access Card Package, 8/e contains:

- ISBN-10: 0133826651/ISBN-13: 9780133826654 *Introduction to Materials Science for Engineers* , 8/e
- ISBN-10: 0133828921/ISBN-13: 9780133828924 *MasteringEngineering with Pearson eText -- Access Card -- for Introduction to Materials Science for Engineers* , 8/e

MasteringEngineering is not a self-paced technology and should only be purchased when required by an instructor.

### **From reader reviews:**

#### **Rachel Garber:**

The knowledge that you get from Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition) is a more deep you rooting the information that hide inside words the more you get interested in reading it. It doesn't mean that this book is hard to know but Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition) giving you thrill feeling of reading. The copy writer conveys their point in certain way that can be understood through anyone who read that because the author of this reserve is well-known enough. That book also makes your own vocabulary increase well. Making it easy to understand then can go along with you, both in printed or e-book style are available. We recommend you for having this kind of Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition) instantly.

#### **Donald Lombard:**

Information is provisions for anyone to get better life, information today can get by anyone at everywhere. The information can be a understanding or any news even restricted. What people must be consider while those information which is in the former life are difficult to be find than now is taking seriously which one would work to believe or which one typically the resource are convinced. If you have the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen inside you if you take Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition) as your daily resource information.

#### **Julio Rico:**

The actual book Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition) has a lot of knowledge on it. So when you check out this book you can get a lot of profit. The book was published by the very famous author. Mcdougal makes some research previous to write this book. That book very easy to read you can obtain the point easily after looking over this book.

#### **Charlie Seymour:**

Playing with family within a park, coming to see the ocean world or hanging out with good friends is thing that usually you might have done when you have spare time, after that why you don't try matter that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Introduction to Materials Science for Engineers Plus MasteringEngineering -- Access Card Package (8th Edition), you can enjoy both. It is very good combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout fellas. What? Still don't have it, oh come on its called reading friends.
