In 2006, Andrew Carrington Hitchcock self-published, "The Synagogue Of Satan." This 60,000 word book was translated by independent publishers into several different languages and subsequently featured on bestseller lists worldwide. Now, five years later, Hitchcock's groundbreaking historical study has been expanded throughout and updated to the end of 2011, forming a chronological encyclopedia of this criminal network which spans over 140,000 words, and features a 30 page index to aid navigation. Included within the wealth of additional information are the complete, "Protocols of the Learned Elders of Zion," together with excerpts from each of the eighty articles that make up Henry Ford's four volume set, "The International Jew," which are presented for the first time in chronological order. Not recommended for the faint-hearted, this is no ordinary book, and no-one who reads it will ever be the same again
