## **Blaze: Operation Persian Trinity (Volume 1)** Andrew Thorp King

When America's unsung, Mick-hero, Blaze McIntyre—retired CIA assassin and spy—becomes fatigued with the monotony of civilian life and decides to re-enter the world of espionage, he finds himself engaged in a mission he senses could be entangled in the vines of a twenty five hundred year old prophecy (War of Gog and Magog).

In Russia, a new czar rises that seeks to resurrect the Soviet Empire. In Iran, a new president emerges whose brutality and cultish apocalyptic obsession with the return of the Islamic messiah, The Twelfth Imam, dwarves that of his predecessor. As Russia and Iran work together to galvanize the Middle East, North Africa, and Central Asia, a new threat is produced that terrifies the Western World, particularly Israel and the United States.

Obama has finished his second term and a new president is in office. The global economy has spiraled to new lows with an increasing complexity unforeseen by any of the experts. World leaders are seeking transnational solutions, while they simultaneously swallow up private industry without hesitation, in their effort to harmonize the world and consolidate power and control.

As the United States struggles to find its new position in the world, the last hope of a weak U.S. President is found in a handful of operatives led by an obstinate, cigar-smoking, tattooed Irish-American warrior—Blaze McIntyre.

Under the counsel of his spiritual advisor, an Irish preacher with a drinking problem, Blaze struggles with warnings of a biblically prophesied war as he springs forward into one of the most consequential operations of his career. Driven by his inner demons, natural propensity toward aggression, and obsessive love of country, Blaze eagerly accepts his part in a three-pronged mission to decapitate the source of the looming nuclear threats overseas.

Blaze: Operation Persian Trinity is laced with varying themes: espionage, international intrigue, the eschatology of the three Abrahamic religions and their influence on geo-politics, Celtic culture/humor, boxing/MMA, cigar interests, tattoo culture and independent music.

Written with a vibrant soundtrack in mind, the novel's text makes constant reference to the musical tastes of the characters—including artists such as Dropkick Murphys, Madball, Johnny Cash, The Welch Boys, The Business, The Pogues, Everlast, The Dubliners, Hank III, AC/DC, and more.

### Praise for Blaze: Operation Persian Trinity:

"When global bullies act up, Irish-American underdog Blaze McIntyre leads the charge to thwart them, acting with instinct, resourcefulness, and titanium balls."

- John Dixon, author of Phoenix Island, the inspiration for the CBS TV Show, Intelligence

"Flatfoot 56 has always been champions of those who courageously fight for what they believe in. Blaze McIntyre does this with shamrocks, bullets, and the faith of a warrior's heart"

- Tobin Bawinkel, of Celtic punk band Flatfoot 56

"Fighting started for me because of the primal instincts I had even as a kid. I battled some pretty bad personal demons along my journey in boxing and MMA—so it is with Blaze McIntyre—he's fighting his demons, the jihadists, and global forces moving at a rapid pace."

- Marcus 'The Irish Hand Grenade' Davis, Pro MMA fighter and cast member of SPIKE TV's "The Ultimate Fighter" series

"It has been said that only great men smoke cigars, so it's no surprise that Blaze McIntyre accents his missions battling the enemies of the free world by smoking cigars during reflective interludes. It's also no surprise that he chooses Perdomo as one of his favorite brands."

- Nick Perdomo, President of Perdomo Cigars
