## **When Things Fell Apart: State Failure in Late-Century Africa (Cambridge Studies in Comparative Politics)** Robert H. Bates

In the later decades of the 20th century, Africa plunged into political chaos. States failed, governments became predators, and citizens took up arms. In *When Things Fell Apart*, Robert H. Bates advances an explanation of state failure in Africa. In so doing, he not only plumbs the depths of the continent's late-century tragedy, but also the logic of political order and the foundations of the state. This book covers a wide range of territory by drawing on materials from Rwanda, Sudan, Liberia, and Congo. Written to be accessible to the general reader, it is nonetheless a must-read for scholars and policy makers concerned with political conflict and state failure.
