Peter in Early Christianity

Peter in Early Christianity

Peter in Early Christianity

After playing second fiddle to the apostle Paul for a long, long time, Peter has received increased scholarly attention of late. This book builds on the recent resurgence of interest in the apostle Peter.

Nineteen internationally prominent scholars of early Christian history here examine and reassess the historical Peter and his significance in Christian texts from the first three centuries. Giving due attention to archaeological data and recent scholarship, the contributors offer a comprehensive view of Peter through analysis of both New Testament texts and later, noncanonical literature. Markus Bockmuehl concludes the volume by considering present-day questions about the role of Peter, popes, and church leadership.
