The most famous Chinese numismatist Mr. Yu Liuliang shares his half-a-century experiences in collecting, researching and managing coins. After contacting with domestic and overseas collectors and large museums, he comprehensively introduces the existing machine-made Chinese coins that are rarely seen. The abundant content makes the book representative and authoritative. This book collects 1,400 rare machine-made coins and details each coin's value level, shape, structure, size, and collector's information. The author gives comments on them and introduces the basic information, important characteristics and value. This book is a high-level collection and organization of Chinese rare machine-made coins, and it has great cultural value and practical value for collection and appreciation.
