Matrix Warrior: Being the One Jake Horsley

Finally comes the ultimate book for all those seeking to know more about the philosophy behind *The Matrix* and its sequels. Suppose that this world is not what it seems, and that humanity is actually just a food source supplementing a reign of machines. Welcome to the premise behind the world of *The Matrix*: the movie phenomenon and massive box-office series that has also produced some of film's most intelligent and thoughtful moments in the last ten years.

In the *Matrix* movies, "reality" is just a dreamscape, a representation that six billion points of view agree to agree is "real." So if the only reality we know is a cunning and elaborate façade, what then does that signify for us? *Matrix Warrior* gives us the means to understand this premise and its implications on our knowledge of self and place. Combining an in-depth examination of the film with philosophical inquiry and the teachings of Castaneda, Jake Horsley has produced in *Matrix Warrior* a profound yet witty analysis-and all readers need to get "unplugged."
