Two Treatises of Government and A Letter Concerning Toleration

John Locke

Two Treatises of Government and A Letter Concerning Toleration John Locke

Two of Locke's most mature and influential political writings and three brilliant interpretive essays have been combined here in one volume. Among the most influential writings in the history of Western political thought, John Locke's "Two Treatises of Government" and "A Letter Concerning Toleration" remain vital to political debates more than three centuries after they were written. The complete texts are accompanied by interpretive essays by three prominent Locke scholars. Ian Shapiro's introduction places Locke's political writings in historical and biographical context. John Dunn explores both the intellectual context in which Locke wrote the "Two Treatises of Government" and "A Letter Concerning Toleration" and the major interpretive controversies surrounding their meaning. Ruth Grant offers a comprehensive discussion of Locke's views on women and the family, and Shapiro contributes an essay on the democratic elements of Locke's political theory. Taken together, the texts and essays in this volume offer insights into the history of ideas and the enduring influence of Locke's political thought.
