## Encyclopedia of the Developing World

A RUSA 2007 Outstanding Reference Title

The *Encyclopedia of the Developing World* is a comprehensive work on the historical and current status of developing countries. Containing more than 750 entries, the *Encyclopedia* encompasses primarily the years since 1945 and defines development broadly, addressing not only economics but also civil society and social progress. Entries cover the most important theories and measurements of development; relate historical events, movements, and concepts to development both internationally and regionally where applicable; examine the contributions of the most important persons and organizations; and detail the progress made within geographic regions and by individual countries.
