Next to Lincoln, the war's most important leaders were three men with Ohio roots: the first, a silent, slouchy little man who hated the sight of blood and loved his family more than anything; the second, a jittery lover of literature who was once thought to be insane; the third, a sickly lawyer known for his mysterious ways and ferocious temper. And, far more than we realize, women and blacks played major roles in the drama. Together, the men and women of the Civil War era form one of our greatest generations, and their many stories of heroism and heartbreak, brilliance and stupidity, compassion and cruelty, come together for the first time in one great story: Blood, Tears, and Glory: How Ohioans Won the Civil War.
