The Global Land Grab: Beyond the Hype

The Global Land Grab: Beyond the Hype

The last two years have seen a huge amount of academic, policy-making and media interest in the increasingly contentious issue of 'land grabbing' - the large-scale acquisition of land in the global South. It is a phenomenon against which locals seem defenseless, and one about which multilateral organizations such as the World Bank as well as civil-society organizations and action NGOs have become increasingly vocal.

This in-depth and empirically diverse volume - taking in case studies from across Africa, Asia and Latin America - takes a step back from the hype to explore a number of key questions: Does the 'Global Land Grab' actually exist? If so, what is new about it? And what, beyond the immediately visible dynamics and practices, are the real problems?

A comprehensive and much-needed intervention on one of the most hotly contested but little-understood issues facing Global South countries today.

From reader reviews:

Eden Davis:

Nowadays reading books be a little more than want or need but also be a life style. This reading routine give you lot of advantages. Associate programs you got of course the knowledge your information inside the book this improve your knowledge and information. The details you get based on what kind of guide you read, if you want send more knowledge just go with education books but if you want truly feel happy read one with theme for entertaining such as comic or novel. Often the The Global Land Grab: Beyond the Hype is kind of reserve which is giving the reader unforeseen experience.

Rebecca Moreno:

Are you kind of stressful person, only have 10 or maybe 15 minute in your moment to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book than can satisfy your small amount of time to read it because pretty much everything time you only find guide that need more time to be go through. The Global Land Grab: Beyond the Hype can be your answer because it can be read by an individual who have those short time problems.

Eugene Williams:

Is it you who having spare time and then spend it whole day simply by watching television programs or just lying on the bed? Do you need something totally new? This The Global Land Grab: Beyond the Hype can be the reply, oh how comes? The new book you know. You are and so out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these books have than the others?

Lillian Trimmer:

As a pupil exactly feel bored to help reading. If their teacher inquired them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Global Land Grab: Beyond the Hype can make you really feel more interested to read.
