VOYAGES IN WORLD HISTORY, BRIEF EDITION, is a mainstream world history text that masterfully uses the theme of movement--the journeys of peoples, ideas, and goods--to help the reader make sense of the overwhelming range of people, places, and events throughout history. Each chapter begins with, and is framed around, the story of a person who traveled within the time period and region of the chapter. Readers will enjoy the stories and will also learn to critically evaluate the traveler's observations and attitudes.

VOYAGES IN WORLD HISTORY includes a primary source feature called "Movement of Ideas," which helps the reader to analyze original sources by providing multiple explanations of significant ideas throughout history.
