## **Cirugia Practica: Introduccion a Los Procedimientos Habituales. El Precio Es En Dolares R. E. ROSES**

Este título de la serie Gowned and Gloved proporciona una revisión concisa de los procedimientos quirúrgicos más comunes y anatomía quirúrgica relevante para ayudar al residente, profesional joven e incluso a los estudiantes a obtener la información necesaria para llevar a cabo este tipo de procedimientos con el objetivo de maximizar el tiempo y tomar las decisiones más correctas en cada caso. La obra incluye la presentación de casos clínicos con imágenes de gran calidad en cada uno de los capítulos para ilustrar así los distintos escenarios clínicos en los que pueden participar los residentes. Los contenidos de los capítulos se presentan con una organización clara y lógica, incluyendo listados de puntos clave y algoritmos de tratamiento. Además, los autores proporcionan discusiones estándar sobre protocolos postoperatorios y rehabilitación y recuperación de paciente. Un dato a destacar de la obra es que ha sido realizada por residentes, público mayoritario al que están dirigidos a su vez los contenidos de la misma, haciendo por tanto que los argumentos expuestos estén totalmente adaptados a las distintas rotaciones de los residentes de cirugía.
