Science is confirming what your heart tells you: In this digital age, our kids need a healthy, family-centered childhood more than ever.

As technology ushers in dramatic changes to our lives, the most important contributor to children's well-being is still their connection to family and school. But this connection is threatened by the addictive allure of today's flashy devices. *Wired Child* cuts through destructive tech myths and gives you practical strategies to build a strong family and foster kids' school success. You'll also learn how to protect children and teens from video game/Internet addiction and help them understand that technology is primarily a tool rather than a toy. This empowering book will give you the confidence to provide your child a loving and rewarding childhood in a digital age.
